

GPS for IFR Pilots in the Pacific Northwest

Hosted by Angel Flight West, this presentation addresses common questions about using an IFR-approved GPS under IFR, including substituting GPS for ground-based nav aids, using T-routes and G-MEAs, and flying RNAV (GPS) approaches, emphasizing techniques that will help you avoid last-minute scrambles in the cockpit.

Directions: South View Lounge (upstairs at the far end)

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASTeam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
